

Encrypted words

Boo encrypted several words with a very hard to break telephone code. Try to decypher them. Tip: The first figure shows you which button to click, the second one how many times to click it. Example: 3/2 = E.

2/3 6/3 6/1 7/1 8/2 8/1 3/2 7/2

7/2 2/1 3/1 4/3 6/3

7/2 3/2 6/1 3/2 6/1 2/2 3/2 7/2

8/1 7/2 3/2 2/1 7/3 8/2 7/2 3/2

This time Boo forgot some of the figures. Can you find the words nevertheless?

2/3 2 8

3/1 6 4

2 6 9/1

3/3 7 6 4

Tip: All of the words are animal names.
